Texas Resource Review (TRR)
English Phonics Grades K–3

Purpose
The goal of the Phonics K–3 rubric is to provide guidance for evaluating the quality of phonics programs that comply with the requirements of House Bill (HB) 3 and the associated commissioner of education’s rule. HB 3 requires local education agencies to provide phonics instruction using systematic, direct (explicit) instruction in grades K–3. The rubric was developed to support LEAs choosing programs for supporting systematic, direct (explicit) phonics instruction.

Structure
The rubric is arranged by category, section, subsection, indicator, and guidance. The categories are the broadest level of the rubric and serve as its foundation. Within each category are nested sections, subsections, indicators, and guidance that provide additional details and greater clarity for review items.

*Note: Not all sections contain subsections and are scored.

Categories
The rubric’s categories inform LEAs about essential components of instructional material products.

<table>

<tbody>
<tr>
<td>Baseline Criteria (19 TAC §74.2001)</td>
<td>This category focuses on the specific requirements of 19 Texas Administrative Code §74.2001.</td>
</tr>
<tr>
<td>Phonics-Related TEKS-Alignment Review</td>
<td>This category focuses on the standards-alignment review of instructional materials. The TRR complements the existing State Board of Education standards-alignment review process and presents its results in the overall quality report.</td>
</tr>
<tr>
<td>Content and Instructional Concepts</td>
<td>This category focuses on how well standards are addressed by instructional materials. Sections within this category evaluate guidance for effective teaching and learning specific to the content.</td>
</tr>
<tr>
<td>Educator Supports</td>
<td>This category focuses on aspects of instructional materials that directly relate to tools and resources for supporting instruction. Sections within this category provide information about the guidance and support students and educators receive to ensure all students learn and succeed.</td>
</tr>
<tr>
<td>Additional Information</td>
<td>This category provides information on the technology specifications, price, professional learning, additional language supports, and evidence-based information. This section is not scored.</td>
</tr>
</tbody>
</table>
Scoring Methodology

Quality evaluations are intended to support LEAs in making decisions that best meet their local context. To provide LEAs clear, transparent, and user-friendly information, instructional materials are scored points at the indicator level and then totaled for the section. A percentage score is calculated based on the points awarded for each section. Each score value is supported by evidence collected and the evidence is published in final reports. Sections within the rubric are scored based on the table below.

The specific scoring methodology for the commissioner’s recommended list of phonics programs will be shared here upon completion of reviews.

Phonics Grades K–3 Scoring

The following provides an overview of the scoring methodology proposed to support LEAs in their review, adoption, and purchasing decisions.

Baseline Criteria (19 TAC §74.2001)

19 Texas Administrative Code §74.2001 outlines the specific requirements of phonics programs. The baseline criteria were established as part of those requirements.

- Program is aligned with a subset of the developing and sustaining foundational language skills portion of the grades K, 1, 2, or 3 Texas Essential Knowledge and Skills for English language arts and reading when teaching students to read in English and/or for Spanish language arts and reading when teaching students to read in Spanish in the student materials and teacher materials (19 TAC §74.2001 (1)(A)).
- Program includes a grade level specific scope and sequence (19 TAC §74.2001 (1)(A)).
- Program includes cited research that aligns with the research used for Reading Academies (19 TAC §74.2001 (1)(B)).
- Program includes a teacher's edition that provides guidance for teachers on how to introduce each phonics skill and implement effective phonics instruction (19 TAC §74.2001 (1)(C)).
- Program includes a teacher's edition that provides specific daily (lesson-level) instructional sequences and routines (19 TAC §74.2001 (1)(D)).
- Program includes decodable texts that aligns to the scope and sequence (19 TAC §74.2001 (1)(E)).
- Program includes progress monitoring assessments and guidance for use (19 TAC §74.2001 (1)(F)).
- Program includes or is aligned to a diagnostic phonics tool (19 TAC §74.2001 (1)(F)).
- Program includes guidance on the use of data (19 TAC §74.2001 (1)(G)).
- Program must function as a stand-alone phonics programs, be part of a core language arts program, or act as a supplemental foundational literacy skills program (19 TAC §74.2001 (2)(A)).
- Program may not teach word recognition when teaching students to read in English through visual memory, guessing, the shape of a word, or the use of pictures or context clues to decode words. Words that cannot be sounded out and that do not follow the rules of phonics must be explicitly taught (19 TAC §74.2001 (3)(A)).
- Program may not be solely used for intervention purposes. Program should be designed for core instruction implementation (19 TAC §74.2001 (3)(B)).
Phonics-Related Texas Essential Knowledge and Skills-Alignment Review

Standards-alignment review team members review instructional materials to determine the extent to which the standards are covered and to identify factual errors. To be eligible for inclusion on the Commissioner’s Recommended List of Phonics Programs, instructional materials must cover at least 50% of the phonics related breakouts in the English language arts and reading Texas Essential Knowledge and Skills (TEKS) in the student and teacher materials. The below citations are to the breakouts in the TEKS. The breakouts are created by unpacking the student expectations and separating them into component parts. Unless otherwise stated, all breakouts associated with a student expectation will be included in standards alignment.

- **Grade K:**
  - (2)(A)(v), (vi), (vii), (x), (xi)
  - (2)(B)
  - (2)(C)
  - (2)(D)(xi) and (xii)
  - (2)(E)

- **Grade 1:**
  - (2)(A)(iii), (iv), (v), (vi), (vii), (viii), (ix)
  - (2)(B)
  - (2)(C)

- **Grade 2:**
  - (2)(A)(ii), (iii), (iv), (v)
  - (2)(B)(i)–(xiii), (xv)–(xxxix), and (xli)–(lvi)
    (Does not include (2)(B)(xiv) and (xii).)
  - (2)(C)(i)–(xxx), (xxxii)–(xxxvii), (xxxv)–(lvi)
    (Does not include (2)(C)(xxx) and (xxxiv).)

- **Grade 3:**
  - (2)(A)(i)–(x), (xii)–(xxviii), and (xxxi)–(xxxvii)
    (Does not include (2)(A)(xi) and (xxvii).)
  - (2)(B)(i)–(vii), (ix)–(x), (xii)–(xxii), (xxiv)–(xxv), and (xxvii)–(xxx)
    (Does not include (2)(B)(viii), (xii), (xxiii), and (xxvii).)

Note: State Board of Education-adopted materials submitted for consideration will not be re-reviewed for standards-alignment unless the materials cover less than 50% of the phonics related breakouts in the TEKS.

## Instructional Approach

Materials provide concise, direct (explicit) and systematic phonics instruction with cumulative review and intentional pacing. Lessons provide specific daily instructional sequences and routines, which include modeling, guided practice, and scaffolded application with immediate, corrective feedback. Materials include ongoing practice opportunities in isolation and in connected, decodable text that follows the instructional focus.

<table>
<thead>
<tr>
<th>Phonics Indicator</th>
<th>Phonics Guidance</th>
<th>Scoring</th>
</tr>
</thead>
</table>
| 2.1 Materials include systematic, year-long plans for phonics instruction.      | • Materials include a cohesive, TEKS-aligned scope and sequence that outlines the essential knowledge and skills that are taught throughout the year.  
• Materials clearly demonstrate vertical alignment that shows the progression of skill development from year to year.  
• Lesson objectives systematically progress from simple to more complex concepts (e.g., CVC words before CCCVCC words and single syllable words before multisyllabic words). | Grade K: 0/2/4  
Grade 1: 0/2/4  
Grade 2: 0/2/4  
Grade 3: 0/2/4 |
| 2.2 Materials provide direct (explicit) and systematic instruction in developing grade-level phonics skills within and across lessons.  | • Lessons include detailed guidance for each component of the gradual release of responsibility model.  
• Materials contain a teacher edition with ample and useful annotations and suggestions on how to present the content in the student materials. | Grade K: 0/2/4  
Grade 1: 0/2/4  
Grade 2: 0/2/4  
Grade 3: 0/2/4 |
| 2.3 Materials include detailed guidance that supports teacher’s delivery of instruction. | • Guidance for teachers includes information about common phonics pattern misconceptions and guiding principles related to teaching specific phonics skills.  
• Guidance for teachers provides detailed, specific instructional strategies with consistent routines for teaching each phonics skill.  
• Materials include specific guidance for providing students with immediate, corrective feedback.  
• Materials provide detailed guidance for connecting previously taught phonics skills to new learning.  
• Materials include clear guidance on how to pace each lesson, including specific time suggestions for each component of the gradual release model. | Grade K: 0/2/4  
Grade 1: 0/2/4  
Grade 2: 0/2/4  
Grade 3: 0/2/4 |
| 2.4 Materials include frequent and distributed review of phonics skills with cumulative practice opportunities with decodable text. | • Materials include intentional cumulative review and practice activities throughout the span of the curriculum.  
• Practice opportunities include only phonics skills that have been explicitly taught.  
• Decodable texts incorporate cumulative practice of taught phonics skills. | Grade K: 0/2/4  
Grade 1: 0/2/4  
Grade 2: 0/2/4  
Grade 3: 0/2/4 |

Total points possible: 16
### Content-Specific Skills

Materials follow a research-based reading development continuum that provides high-quality instruction of phonics skills for beginning readers and writers. Materials focus on the development of alphabet knowledge, phonological awareness, phonics, and fluency to develop proficient readers throughout the year, as developmentally appropriate. Materials include ongoing practice opportunities in isolation and in connected, decodable text that follows the instructional focus.

#### 3.A Alphabet

## Appendix

**Phonics (K−3)**

The Texas Resource Review Phonics (K−3) rubric was developed in collaboration with the Early Childhood team at TEA, designated phonics experts, and in alignment with other strategic TEA initiatives.
