October 2024 | Publisher Response from Amplify

We wish to express our gratitude to the Texas Education Agency, the State Board of Education, and the participating educators and community members for considering Amplify ELAR Skills (Grades K-3) and Amplify SLAR Habilidades y Destrezas (Grades K-2) in the 2024 IMRA process. Your thorough and insightful review of Amplify ELAR Skills (Grades K-3) and Amplify SLAR Habilidades y Destrezas (Grades K-2) has been invaluable. We appreciate the dedication and time invested in this comprehensive process, which ensures that Texas educators and students have access to high-quality, effective instructional materials.

We are proud that the IMRA process has recognized both programs for achieving 100% alignment with the Texas Essential Knowledge and Skills (TEKS), earning perfect scores on the Quality rubric, and receiving zero suitability issues specific to Amplify's submission. Our programs are designed to provide students with a rigorous and engaging learning experience while supporting educators with clear, research-based, and systematic instruction in foundational literacy skills. The IMRA results affirm our commitment to delivering materials that are both effective and suitable for the diverse needs of Texas classrooms.

At Amplify, our mission is to help teachers unlock the potential of every student through innovative, research-based instructional resources. We are deeply grateful for the opportunity to continue serving the educators and students of Texas, and we remain steadfast in our commitment to supporting their success with our high-quality literacy programs.
