Coaching/Consulting Options: Please complete the questions below as they apply to any personalized coaching or consulting options available.

Is coaching available for teacher implementing your materials? If yes, please describe.*

STEMscopes professional coaching services empower educators to deliver instruction that consistently scaffolds students' progress toward mastery of required math and science standards. Virtual coaching allows us to support even greater numbers of teachers (and teachers leaders) while also providing more personalized services based on the grade levels and content areas served, in addition to unique school or classroom needs.

Is coaching available for school leadership and district staff implementing your materials?

We offer highly flexible coaching and consulting services. Our experienced coaches work in tandem with your campus or district to deliver personalized professional learning solutions, including data analysis, instructional coaching,

If yes, please describe.*

leadership coaching, and highly engaging sessions designed to meet your unique needs and goals.
